

# ASSOCIATION for METAL DETECTING SPORT

*Pocket guide for responsible metal detecting*

1. **F**ollow the Country Code
2. **L**eave live ammunition or any lethal object and report the find to the local police and landowner.
3. **O**btain permission preferably in writing from the landowner. You cannot metal detect anywhere without permission
4. **T**ry to do nothing that might give metal detecting a bad name
5. **S**how your finds to the landowner,
6. **A**cquaint yourself with the Code of Practice and the Treasure Act 1996 and be sure you understand your responsibilities. Make a voluntary PAS report and follow the mandatory reporting requirements in Scotland.
7. **M**ake good all holes with care and do not leave a mess or an unsafe surface.
8. **S**afely dispose of all unwanted refuse or metal items.

What are **FLOTSAMS** – they are ODDS and ENDS
